

# **Albania dedicated energy storage battery**

## Overview

---

As Europe's energy landscape evolves faster than a TikTok trend, Albania is stepping up with this 100-megawatt/400-megawatt-hour lithium-ion battery system, set to become operational by late 2026 [1]. This project isn't just about storing electrons – it's about rewriting the rules of energy security.

## Albania dedicated energy storage battery
