

# **Brunei Large Telecommunications BESS Power Station Quote**

## Overview

---

In 2010, electricity generation in Brunei reached 3,862,000,000 kWh, in which 99% of it was generated from natural gas sources and the remaining 1% was from oil sources. • Belingus Power Station • Berakas Power Station • Bukit Panggal Power Station

How does Brunei produce electricity?

Brunei's power stations primarily produce electricity through natural gas and oil sources, with a small-scale renewable energy project pipeline. The country's electricity sector is overseen by the Department of Electrical Services (DES) and has a total installed capacity of 1,054 MW, serving a small population of approximately 460,000.

Is Brunei a reliable country?

Brunei's power sector has shown reliability, with the government investing in upgrades and modernizations to ensure uninterrupted power delivery. Natural gas is the dominant energy source in Brunei, with the country's electricity sector relying heavily on this resource for power generation.

Who regulates electricity in Brunei?

Electricity sector in Brunei is regulated by the Department of Electrical Services (DES; Malay: Jabatan Perkhidmatan Elektrik) under the Ministry of Energy. In 2010, electricity generation in Brunei reached 3,862,000,000 kWh, in which 99% of it was generated from natural gas sources and the remaining 1% was from oil sources.

How many power plants are there in Brunei?

These five power plants provide about 58% of the country's electrical needs, mainly serving residential areas. The Brunei National Energy Company (BNEC) is the state-owned utility company that operates and manages the electricity supply network in the country.

What is Brunei Darussalam's strategy?

Our strategy is to participate in the ongoing operation and development of the power infrastructure of Brunei Darussalam through the effective utilization of BPC's resources, thereby maximizing the value of our electricity supplies and services to satisfy the electricity needs of all customers.

What is the electricity sector in Brunei?

Power lines along the Kuala Belait Highway in 2023. The electricity sector in Brunei ranges from generation, transmission, distribution and sales of electricity in Brunei. Electricity sector in Brunei is regulated by the Department of Electrical Services (DES; Malay: Jabatan Perkhidmatan Elektrik) under the Ministry of Energy.
