

Brunei wind power energy storage system supplier

Overview

Does Brunei have wind power?

Dr Sathyajith Mathew of UBD's Department of Physics said Brunei had the potential of diverting to a new source of energy through wind power, despite the belief that Brunei does not have strong winds.

Will Brunei get its first wind turbine?

Dr Sathyajith said that the public will be able to gain a glimpse of Brunei's first wind turbine at the Ministry of Development, which he hoped would give them a general idea of how it looks and functions as a probable future energy supply.

Who owns Brunei energy services & trading (best)?

Brunei Energy Services and Trading (BEST) is the national oil company owned by the Brunei government. The company was granted all mineral rights in eight prime onshore and offshore petroleum blocks totaling 20,552 sq. km. PB manages contracts with Shell and Petronas, which are exploring Brunei's onshore and deep-water offshore blocks.

Who are our clients in Brunei?

Most of our clients are prominent Oil & Gas and Petrochemical Operators as well as Consultants in Brunei. Our company and Personnel have established good relationship and constantly maintain good communication with our clients to understand their needs and provide solutions to their problems.
