

# **Cuba Energy Storage Photovoltaic Panel Enterprise**

## Overview

---

How many photovoltaic solar parks are there in Cuba?

Cuba began the construction of 59 photovoltaic solar parks with the idea of reducing dependence on fossil fuels and creating other wastelands in which clean energy is the main resource for electricity consumption. Of these 59 solar parks, it is expected that: 33 are completed within the current year, synchronizing with the national energy system.

Where are the solar panels made in Cuba?

The solar panels used in the project are partly produced by the Cuban Electronic Industry -70 percent of all the solar panels were assembled in Pinar del Río, and 100 percent were installed by the Copextel company ran by the Ministry of Computer Science and Communications (MIC).

Why should Cuba invest in solar energy?

Cuba intends to be a active participant in global objectives on reducing greenhouse gas emissions. In this sense, solar energy is one of the most promising renewable sources in Cuba and a fundamental pillar in its strategy of transition to clean energy.

How much energy can Cuba save by installing a new power plant?

Experts project that this new installed capacity will allow save up to 490.000 tons of diesel and fuel oil, the two most expensive and polluting sources of energy, and reduce CO2 emissions by 2,8 million tons per year. This set of initiatives underlines the Cuban government's recognition of the energy potential in renewable energy.

Is Cuba a potential energy giant?

Cuban territory receives a significant amount of solar radiation, with an average of more than 1.800 kilowatts per square meter annually, which places Cuba as a potential energy giant if it takes advantage of this resource

optimally.

How much does a 1 KW generator cost in Cuba?

At state-run Copextel retail stores, a basic 1 KW generation module costs 2,551 MLC, pegged to the US dollar. The average salary in Cuba is 4,648 pesos (approximately \$38.70) based on the official exchange rate of 120 pesos to one dollar.
