

# **East African polycrystalline photovoltaic panel manufacturer**

## Overview

---

Who sells solar panels in East Africa?

With a strong presence in East Africa, Davis & Shirtliff offers a range of solar solutions, including panels, inverters, and water heating systems. The company is known for its quality products and comprehensive after-sales services. 8. Go Solar Systems Ltd (Kenya).

How many solar panels are made in East Africa?

Its current manufacturing capacity is 140,000 solar panels per year, and it is now set to double this within the next 18 months to meet rising demand in East Africa. Over the past decade, the prices of solar panels have gone down, making them more affordable for households in off-grid areas.

Who makes artsolar solar panels in South Africa?

Founded in 2010 and based in Durban, ARTsolar is South Africa's only locally owned solar panel manufacturer. The company produces high-quality photovoltaic (PV) modules and has a production capacity of up to 250 MW per year. ARTsolar's panels are internationally and locally certified, catering to both residential and commercial markets. 2.
