

French outdoor energy storage cabinet manufacturer

Overview

What is epes233 energy storage cabinet?

EPES233 is a 100kW, 233kWh Outdoor Liquid Cooling Energy Storage Cabinet. It offers flexible expansion, long cycle life, and advanced safety features, including intelligent 24/7 cloud monitoring. Perfect for reliable and scalable energy storage in Europe. Interested in our products?

Let's connect. Send us an email to epenergy@ep-ep.com.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.
