

Heishan Industrial and Commercial Energy Storage Power Station

Overview

What is Mazongshan PV & energy storage project?

The Mazongshan PV + Energy Storage Project, located in Subei Mongolian Autonomous County of Jiuquan City in Gansu Province, is a combination of a 10 MW/20 MWh energy storage station built by AlphaESS and a 50 MW photovoltaic power station constructed by Three Gorges Energy Investment.

Which energy storage systems are best for commercial & commercial facilities?

AlphaESS industrial and commercial energy storage systems can provide the one-stop C&I energy storage solution for commercial and industrial facilities. Our solar PV and battery storage solution help maximize energy independence and reduce grid power demand. Residential & commercial battery energy storage systems available.

What are commercial and industrial energy storage solutions?

Our commercial and industrial energy storage solutions offer from 30kW to 30+MW. We have delivered hundreds of projects covering most of the commercial applications such as demand charge management, PV self-consumption and back-up power, fuel saving solutions, micro-grid and off-grid options.
