

High temperature resistant outdoor power supply

Overview

These conditions require an industrial UPS specifically manufactured to withstand high temperatures – one that has been agency-certified (e.g., UL) to have a wide operating temperature range of at least -20°C to 55°C (-4°F to 131°F).

High temperature resistant outdoor power supply

Weatherproof Power Supply for Philips Hue Outdoor Low Voltage ...

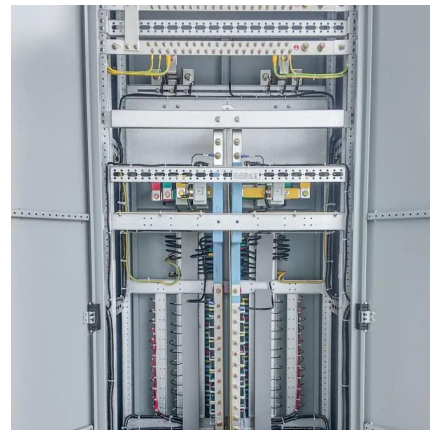

It is the perfect replacement for the original power supply. WEATHERPROOF: Fully sealed design, IP67 waterproof and dustproof, high-quality ABS material, cold and high temperature resistance, effectively ...
