

# **Huawei UAE outdoor power supply procurement**

## Overview

---

What makes Huawei a good supplier?

Huawei has responsive, agile, and reliable procurement systems that help coordinate information along the supply chain from different dimensions, through multiple channels, and in various forms. Via extensive collaboration, our partners, including both customers and suppliers, are integrated into Huawei's business rapidly and efficiently.

What green energy solutions does Huawei offer?

Huawei provides a variety of green energy solutions, including solar scenarios that feature maximum power point tracking (MPPT) solar energy controllers, and hybrid solutions that combine renewable and conventional energies with specific energy-storage systems.

How does Huawei manage procurement risks?

Huawei advocates operational compliance with all applicable laws and regulations, and strives to build a fair, transparent, and open procurement environment. In its procurement activities, Huawei has established robust monitoring and oversight systems to manage procurement risks before, during, and after purchases are made.

Why is Huawei a good company?

Huawei is committed to building long-term stable partnerships with suppliers and establishing a mechanism for sharing benefits reasonably with our suppliers. This helps foster a robust industry environment and thus create supply chains for shared success, sustainable development, and competitiveness for Huawei and our suppliers.

What is Huawei energy storage system & monitoring system?

The energy storage system can employ a variety of energy storage methods and temperature control modes to maximize energy utilization, while the

monitoring system supports Huawei in-band & out-band GPRS/IP transmission through NetEco and M2000 on the back end. Dual power.

Is Huawei a sustainable company?

Huawei has a global corporate sustainability strategy, as well as a dedicated consumer sustainability committee. People are the source of value at Huawei. Their health, safety, and well-being are of the utmost importance to us – not just the people who work at Huawei, but who work with us across the entire supply chain.
