

# **Is outdoor power supply allowed in Estonia**

## Overview

---

Can I use power plugs in Estonia?

Select your country of residence, to check the compatibility of your power plugs in Estonia. In Estonia, power plugs and sockets (outlets) of type F are used. The standard voltage is 230 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters.

Are there electrical outlets in Estonia?

No, the electrical outlets in Estonia are different from those in the United States. In Estonia electrical outlets of types C & F are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Estonia?

The electrical outlets and power plugs in Estonia are of types C & F ( see images) .

What voltage is a power socket in Estonia?

The power sockets in Estonia are of type F. The standard voltage is 230 V at a frequency of 50 Hz. Check your need for a power plug (travel) adapter in Estonia.

Which plug sockets can be used in Estonia?

Type C and type E plugs can also be used thanks to their compatibility with type F sockets. Typically, type C plug sockets are not allowed to be installed in Estonia: these outlets are not earthed and are therefore considered dangerous. Only type F power points are permitted because they are grounded and therefore significantly safer.

Where can I buy a power adapter for Estonia?

There are many different types of adapters available on Amazon that can be

used in Estonia. You can purchase a universal adapter that will fit most outlets in the world, or you can purchase a specific adapter for Estonia. → Find travel adapters on Amazon. What Voltage and Frequency Are Used in Estonia?

.

Do I need an adapter to use a charger in Estonia?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is possible you'll need an adapter to plug the charger into a Estonia outlet. Estonia uses electrical outlets and power plugs of types C & F ( see images) .
