

# Libya inverter voltage

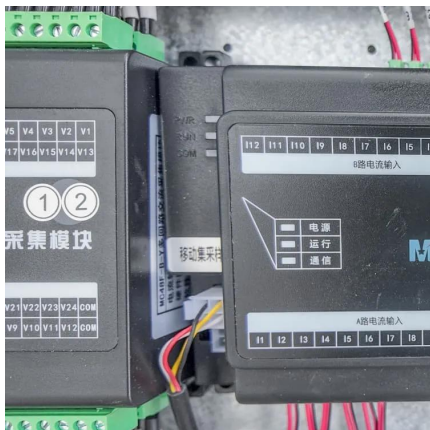

## Overview

---

Just like the rest of Africa, the voltage in Libya is 230 volts and the frequency is 50 Hz. [Click here](#) for a global map showing the spread of the different plug types used around the world.

## Libya inverter voltage

### LIBO ENERGY & SERVICES , About us

Libya's geographic location makes it a prime area for solar energy harvesting with solar radiation of 5.7kW per day in promising areas. Given the shortage in electric power generation, ...
