

Middle East Energy Storage Container Project Bidding

Overview

How many energy storage projects will a bidder sign with SPPC?

The selected bidders will sign 15-year energy storage service agreements with SPPC for four 500MW/2000MWh BESS projects. The bidders will retain 100% ownership of their special purpose vehicle (SPV) projects. The four upcoming energy storage projects, all identical in scale, are strategically located within Saudi Arabia.

Who are the major energy companies in the Middle East?

It includes big names from the Middle East region and overseas, such as Dubai-headquartered Masdar and Saudi Arabia's ACWA Power, France's EDF and TotalEnergies, and major players in renewable energy and battery storage from China, South Korea, and Japan, among others.

Which energy companies are involved in a 'Build-Own-Operate' tender?

The tender, structured as a build-own-operate model, attracted significant energy companies, both local and international. These include Masdar, ACWA Power, EDF, TotalEnergies, and Jinko Power, among others. The list also included prominent companies from nations such as South Korea, Japan, and China.
