

Mozambique Energy Storage Power Project

Overview

African focused renewable energy independent power producer, Globeleq, and its project partners, Source Energia and Electricidade de Moçambique (EDM) have announced the commencement of construction for the 19MWp (15MWac) Cuamba Solar PV plant and a 2 MW (7MWh) energy storage system in Mozambique.What is Mozambique's power sector?

alfeasance. The Background to Mozambique's Power Sector Power is at the heart of Mozambique's devel-opment, and as the state-owned public utility responsible for electricity generation, transmission, distribution and commercialisation since 1977.

Will Cuamba solar deliver clean power to the Mozambican grid?

Mike Scholey, Globeleq's CEO remarked: "We are extremely excited to now have Cuamba Solar officially delivering clean power to the Mozambican grid via EDM and supporting both the local economy and the Government's efforts to build more renewable power.

What is Globeleq's first greenfield project in Mozambique?

The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio.

Why should you invest in the Cuamba solar and storage plant?

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district. Globeleq, Source Energia and EDM have all invested in this project – a public-private partnership that demonstrates the confidence of international investors in Mozambique.

Why is Cuamba a turning point for Mozambique?

His Excellency Filipe Nyusi, President of the Republic of Mozambique said at

the inauguration: "The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district.
