

New Energy Customized Energy Storage Manufacturer

Overview

Who is FPR new energy?

Through our innovations, FPR New Energy, one of the professional BESS battery energy storage system manufacturers in China, aims to redefine and improve electricity provision reliability and sustainability across diverse applications. Founded in 2016, FPR New Energy is one of the prominent Battery Energy Storage Systems (BESS) suppliers.

Who is Lemax energy storage system solution manufacturer?

Professional Energy Storage System Solution Manufacturer! LEMAX is a technology-based manufacturer integrating research and development, production, sales and service of lithium battery products, providing comprehensive energy storage system and power system solutions and supporting services.

Why should you choose FPR new energy?

We consistently deliver solutions that prioritize efficiency, safety, and environmental responsibility. FPR New Energy, a leading Battery Energy Storage Systems (BESS) supplier, excels in various energy storage applications, covering utility, commercial, industrial, portable, and both on-grid and off-grid support.

Who owns soundon new energy?

Experience reliable energy with our innovative battery modules. Our custom solutions provide optimal performance and efficiency for energy storage systems, electric vehicles, and more. Soundon New Energy is invested by Sound Group and Hunan Chasing Financial.

What are the different types of energy storage products?

Now we have household energy storage series products, motive power lithium battery, high voltage commercial energy storage systems, small and medium-

sized photovoltaic energy storage systems, etc. The products have passed CE, EMC, UN38.3, MSDS, ROHS and other relevant certifications.

What is FPR energy storage?

The FPR energy storage system stands as an optimal fusion of performance, safety, and enduring reliability. Its success is evident, with an impressive cumulative capacity exceeding 3 gigawatt-hours (3GWh), encompassing operational, under construction, and developmental projects worldwide.
