

Outdoor power supply suitable for winter use in Tuvalu

Overview

How TEC is powering Tuvalu with renewable resources?

TEC has set a vision of “Powering Tuvalu with Renewable Resources” and this align well with the Tuvalu Government set target of 100% renewable energy by 2025. All the islands of Tuvalu are on 24/7 power supply and the access rate is 100%. The outer islands are powered by hybrid solar PV system with diesel generator on standby.

Does Tuvalu have solar power?

All the islands of Tuvalu are on 24/7 power supply and the access rate is 100%. The outer islands are powered by hybrid solar PV system with diesel generator on standby. For the main island of Funafuti there are some solar PV systems tied to the grid with diesel base load generators.

How can TEC help Tuvalu move towards a low-emissions future?

Helping Tuvalu move towards a low-emissions future by powering with Renewable Energy. Leadership ensures everything outlined in TEC's plan comes to fruition, that all activity is aligned to the company's strategic pillars and that the company is on track to achieve its goals.
