

Polish photovoltaic inverter manufacturer

Overview

Where are solar PV inverters made?

We develop solar PV inverters in the power class of up to 100 kilowatts at two locations in Germany: at the headquarters in Neckarsulm and also in Kassel. The production for the European market takes place exclusively in Neckarsulm.

Why should you buy a Selfa photovoltaic module?

In the case of photovoltaic modules produced by SELFA, we get something much more than just a manufacturer's warranty - we get THE POWER OF POLISH WARRANTY! One can become independent of the increases in energy prices and even earn on them. How?

The answer is photovoltaics. Selfa PV - SELFA GE S.A. POLISH MANUFACTURER OF PHOTOVOLTAIC MODULES.

Why should you choose a wholesale shop for a photovoltaic installation?

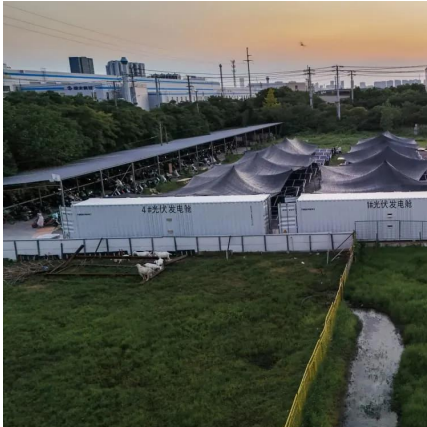

The wholesale shop allows for a quick selection of all PV installation components, and the available configurator will facilitate the completion of the entire kit for the construction of a photovoltaic installation. Fast and efficient. The tools that Corab offers allow you to complete and price a complete PV installation yourself.

How many employees does inverter have?

It is a company employing almost 500 employees with a high level of process automation. It is a brand present in 120 countries and the No. 1 brand in the Czech Republic in terms of market coverage and recognition, as well as one of the most frequently chosen inverter brands in Italy and Australia.
