

# **Qatar s wind solar and energy storage power station**

## Overview

---

Qatar is exploring the viability of large-scale wind farm projects in the country and has completed a study to set up a wind farm project with a significant potential capacity in the northern part of the coun.

## **Qatar s wind solar and energy storage power station**

---

### **Qatar energy storage power station**

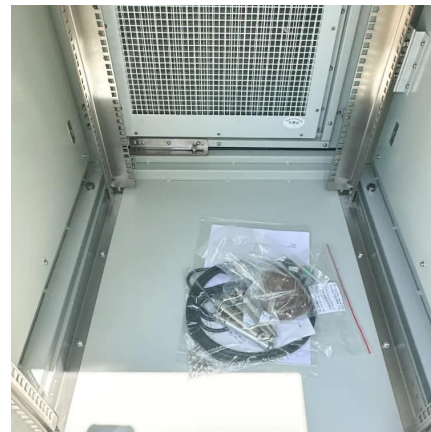

This project is the first of its kind in Qatar to integrate 500 kiloWatt-hours (kWh) of energy storage with the electricity grid, solar power and back-up diesel generators, providing both on-grid and ...
