

Saudi Arabia photovoltaic smart solar panel greenhouse manufacturer

Overview

Mirai Solar, a solar technology startup of King Abdullah University of Science and Technology, is disrupting the greenhouse market by developing foldable roof shades that not only prevent fruits, vegetables and flowers from extreme sunlight but also generate electricity to run these facilities. Where are solar energy panels made in Saudi Arabia?

In continuation to excel and provide the best services to our customers, the first factory specialized in the Kingdom of Saudi Arabia to manufacture solar energy panels in conformity with international standards was established in the city of Sudaidar.

Is Saudi Arabia a hotspot for solar energy development?

The Kingdom of Saudi Arabia is rapidly becoming a global hotspot for solar energy development, thanks to its abundant sunshine and strategic initiatives to diversify its energy resources. Among these initiatives, the development and manufacturing of solar panels have seen significant growth.

Who is BP Solar Arabia limited?

Solar Arabia Limited (former BP Solar Arabia limited) one of A.H. Al-Gossaibi & Brothers Group of Companies, Established back in 1989 with the high-tech established manufacturing facility ideally located in the second industrial estate in Riyadh, Saudi Arabia.

Which cities are a key hub for solar energy in Saudi Arabia?

Cities like Riyadh, Jeddah, and Dammam stand out as key hubs. Riyadh, the capital city, has emerged as a central point for the solar energy industry. It hosts a variety of solar companies that contribute significantly to the solar project in Saudi Arabia.

Why should you use solar energy in Saudi Arabia?

Solar energy provides continuous and reliable power, reducing reliance on grid

electricity and enhancing energy security. By using solar energy, you reduce your carbon footprint and support Saudi Arabia's renewable energy goals. This strengthens your reputation as a sustainability leader.

Why should you attend the Big 5 solar event in Saudi Arabia?

The Big 5 Saudi offers solar panel suppliers and companies involved in solar energy a chance to discover new products, technologies, and services, making it a must-attend event to stay competitive in the market. SAREIF is a key event designed to accelerate the Kingdom's renewable energy output as part of Vision 2030.
