

Slovakia outdoor communication battery cabinet manufacturer

Overview

What is the Slovak Battery Alliance?

Topics from the energy sector clearly promoted battery storage as a necessity for industry and independent energy solutions based mainly on renewable energy sources. The Slovak Battery Alliance (SBaA) is an independent advocacy group.

What is BIPV & how does it work in Slovakia?

From day one, we've been breaking new ground in Slovakia's solar energy sector. We were one of the first company in Slovakia to install Building-Integrated Photovoltaics (BIPV). We led the way with the first-ever 400kWh Battery Backup System, even before container-based battery systems became mainstream.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.
