

South African rooftop photovoltaic panel manufacturer

Overview

Who makes solar panels in South Africa?

ARTsolar is South Africa's only locally owned solar panel manufacturer. Shop online for world class solar panels, solar inverters, solar batteries and more. The company specializes in manufacturing solar panels and offers comprehensive services, including design, supply, and installation of turn-key solar solutions for various markets.

Where can I buy solar equipment in South Africa?

Snadi Solar offers a range of high-quality solar equipment, potentially available through South African distributors. Solar Inverters: Snadi offers solar inverters that convert DC power from solar panels into usable AC power for your home or business.

Why should you choose REC Solar panels in South Africa?

Being committed to sustainable business practices, REC Solar panels are an optimal choice for those seeking environmental-friendly energy solutions in South Africa. With over 60 years of experience in the solar industry, Sharp Solar is one of the oldest and most trusted solar companies in the world.

Where are solar energy suppliers located in South Africa?

With a meteoric rise in demand for solar energy solutions in South Africa, an increasing number of suppliers and manufacturers have set up their operations in the country. Among the plethora of suppliers, the top three supply centers that stand out are Johannesburg, Cape Town, and Durban.

What certifications do solar panels need in South Africa?

These two certifications are essential for PV solar panels in South Africa, with the IEC 61215 standard testing PV panels under harsh weather conditions, while the IEC 61730 ensures the safety of the PV panels. Another significant certification is the South African Bureau of Standards (SABS) mark.

Why should you buy solar panels in South Africa?

Another significant certification is the South African Bureau of Standards (SABS) mark. This certification means that the product meets the standards of safety, quality, and efficiency set out by the South African government. It's recommended to purchase solar panels with this mark as it indicates a trusted and high-quality product.
