

Swiss photovoltaic energy storage power supplier

Overview

Who makes Swiss solar modules?

SSWISS GROUP AG manufactures high-quality solar modules and is leading and globally active technology company. SWISS solar modules are engineered in Switzerland and meet the highest quality standards . As an internationally recognized premium brand.

What is the most powerful solar module in Switzerland?

Find out everything about the M490, our most powerful solar module in Switzerland, which perfectly combines efficiency and aesthetics. Bifacial modules use not only direct sunlight on the front side, but also indirect and diffuse light on the rear side. Your Swiss solar manufacturer for innovative solar modules and photovoltaics.

Is Volta Swiss a good solar company?

Well done to the Volta Swiss teams. Serious and diligent company. The advice provided by the staff is very professional. "Always listening to the customer". A highly qualified team that always listens to the customer. I highly recommend Volta Swiss for your future solar installations. Opt for a cost-effective, long-lasting solar system.

How much does a solar panel cost in Switzerland?

For a standard villa with a panel surface area of 50 m² and a 10 kWh battery, the average price is around CHF 22,000, after deduction of subsidies and tax allowances. How long does it take to recoup your initial investment in a solar system?

What are the advantages of a battery-powered solar system for my home in Switzerland?

.

Why should you choose Swiss Solar AG?

The state of the art design of solar the packaging and solar modules makes the product emotionally attractive to the most demanding customers. Stylish packaging sets the product apart from other producers. To be part of SWISS SOLAR AG is to always be ahead.
