

Tajikistan monocrystalline solar photovoltaic module export tariffs

Overview

What is the tariff rate in Tajikistan?

Tajikistan's official trade regime has relatively liberal tariff rates that range between zero and fifteen percent, with the overall trade-weighted import tariff averaging out to around seven percent. In practice a foreign company must deal with a bureaucratic system which may require additional resources for legal support.

Are electronic services taxed in Tajikistan?

Amendments to the Tax Code of Tajikistan which involve the taxation of electronic services of foreign companies entered into force in early 2021. According to the Tax Committee, as of August 1, 2022, 23 foreign companies providing electronic services are registered with the country's tax system.

What is the VAT rate in Tajikistan 2022?

According to the 2022 Tax Code of Tajikistan, the standard VAT rate for foreign companies that directly or indirectly (through their agents) provided online services to individuals is 15 percent.

How does the Tajik Customs Code work?

In practice a foreign company must deal with a bureaucratic system which may require additional resources for legal support. The Tajik Customs Code generally complies with WTO requirements on evaluation and rates, and within the Agreement on Rules of Goods Transit.
