

Western European BESS energy storage price trends

Overview

Over the past few years, we've seen a significant decline in lithium BESS costs, with average prices decreasing by 30% each time production doubles. This trend has led to more compelling business cases for BESS investments. How much does Bess cost in Europe?

The full report, and newer reports covering Solar and BESS up to Q1 2025, are available for all European regions to Financier Tier subscribers. Europe's largest operational BESS fleet with 4,600 MW and 16,000 MW pipeline Buyer Expectations: €40,000-€70,000/MW Seller Expectations: €60,000-€83,636/MW Transaction Range: €55,000-€73,216/MW.

What is the Bess market?

The market development of C&I and small-scale batteries The BESS market is already experiencing a shift from a market for home owners to one that is increasingly dominated by large-scale solar and storage projects.

Is Poland a profitable market for Bess?

Poland's capacity market represents an additional interesting income source for BESS and we have seen a strong increase in client interest here. Other Central-Eastern European markets: These markets have been the most profitable markets in Europe on a Day-Ahead market basis.

How much does Bess cost in China?

It is nonetheless still eye-opening to note just how big those differences in cost are. The average for a turnkey system in China including 1-hour, 2-hour and 4-hour duration BESS was just US\$101/kWh. In the US, the average was US\$236/kWh and in Europe US\$275/kWh, more than double China's average cost.

What percentage of European battery energy storage systems are lithium ion?

By battery type, lithium-ion commanded 92% of the European battery energy

storage system market share in 2024; flow batteries are projected to expand at a 16.66% CAGR through 2030.

How much does RTB Bess cost in the UK?

For historical data and full statistical and graphical analysis on the latest Solar & BESS RTB valuation data, subscribe to see full report. Market Reality: The UK leads Western Europe in RTB BESS transaction activity, with buyer expectations establishing the regional baseline at €55,000/MW mid-point.
