

# **Which outdoor power supply is best in Uzbekistan**

## Overview

---

What type of electrical outlet does Uzbekistan use?

Uzbekistan primarily uses Type C and Type F electrical outlets. These types are common in many European and Asian countries. Also known as the standard “Euro” plug, Type C outlets have two round pins. Also known as “Schuko,” Type F outlets have two round pins with two earth clips on the side.

What type of plugs are used in Uzbekistan?

In Uzbekistan, there are two main types of power plugs and outlets: Type C and Type F. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs.

Do I need a power adapter in Uzbekistan?

The standard voltage in Uzbekistan is 220V, and the frequency is 50Hz. Devices from countries with different voltage standards, like the United States (120V), may require a voltage converter in addition to a plug adapter. Do You Need a Power Adapter in Uzbekistan?

Whether you’ll need a power adapter depends on the type of plug your devices use.

Which plugs fit in a F socket in Uzbekistan?

Also known as the Schuko plug. Plugs of type C and E will also fit in a type F socket. If you're not sure whether the outlets and plugs used in your country are the same as in Uzbekistan, you can use the tool at the top of this page to check if you need a travel adapter.

Can you use a phone charger in Uzbekistan?

Chargers for iPhones, Android phones and other smartphones or cell phones are usually dual voltage, so you can use them all over the world. However, it is

possible you'll need an adapter to plug the charger into a Uzbekistan outlet. Uzbekistan uses electrical outlets and power plugs of types C & F (see images).

Can I connect my laptop charger to an electrical outlet in Uzbekistan?

Yes, you can connect your laptop charger to an electrical outlet in Uzbekistan as long as the outlet is compatible with the charger's voltage and plug type. In Uzbekistan, the standard voltage is 220V and the standard frequency is 50Hz.
